Information and Instructions

The information requested on page 1 of Schedule 20C-AAGIS is needed to identify Alabama taxable income for each of the Alabama Affiliated Group (AAG) members. Consolidated totals, should be entered in column A, lines 1 through 14a. Each member of the AAG should complete a separate column, computing their Alabama Taxable Income, as would have otherwise been shown on the separate Alabama Corporate Income Tax Form 20C, lines 1 through 14 (Alabama taxable income). Page 1 of Form 20C-AAGIS should be the only page completed unless there are more than five (5) members in the AAG. Page 2 may be used, repeatedly, for large groups. Enter the name and Federal Employer Identification Number (FEIN) at the

top of the column for each member. Line 14b is to be used for the Alabama Affiliated Group's Consolidated Net Operating Loss (NOL), after the separate return loss year (SRLY) losses have been applied. Line 14c is the sum of line 14a less 14b, which is the amount carried forward to page 1, line 14, of the Consolidated Form 20C. (Do not complete page 1 of the 20C for the separate companies.) Additionally, separate Schedules A, AB, B, C, D-1 or D-2, and E (pages 2 through 4 of the 20C), should be completed for each member, and attached behind Schedule 20C-AAGIS. Attach Schedule 20C-AAGIS and all schedules behind the Consolidated 20C.
